

# Danish Clinical Metabolomics Network seminar

June 13, 2019

## Agenda

**13:00 Registration and coffee**

**13:30 – 13:40 Introduction by our host**

**Mette Christensen**, Center of Diagnostic Investigations, Rigshospitalet, Copenhagen

**13:40 – 14:20 Opening keynote**

**Thomas Moritz**, Metabolomics Platform, Novo Nordisk Foundation Center for Basic Metabolic Research, University of Copenhagen

Title: *Metabolomics - from plants to humans: a personal journey*

Chair: **Mette Christensen**, Center of Diagnostic Investigations, Rigshospitalet, Copenhagen

**14:20 Coffee break**

**14:35 – 15:45 Short talks**

**Christian B. Møllerup**, Department of Forensic Medicine, University of Copenhagen

Title: *Drug-screening strategies within forensic toxicology using high-resolution mass spectrometry*

**Kajetan Trost**, Steno Diabetes Center, Copenhagen

Title: *A new method for metabolomics in fecal samples in healthy subjects*

**Henrik M. Roager**, Preventive and Clinical Nutrition, University of Copenhagen

Title: *Exploring diet-microbiome interactions by metabolomics*

**Tu Hu**, Department of Nutrition, Exercise and Sports, University of Copenhagen

Title: *Whole Grain Barley and Wheat Intake: Biomarkers, Metabolomics and Potential Applications in the Clinic*

Chair: **Julie Courraud**, Statens Serum Institut, Copenhagen

**15:45 Coffee break**

**16:15 – 16:55 Closing keynote**

**Pär I. Johansson**, Department of Clinical Immunology, Rigshospitalet, Copenhagen

Title: *Endotheliomics in Clinical Medicine*

Chair: **Douglas McCloskey**, Novo Nordisk Foundation Center for Biosustainability, Technical University of Denmark, Copenhagen

**16:55 Closing remarks**

**Mette Christensen**, Center of Diagnostic Investigations, Rigshospitalet, Copenhagen

## Location

Rigshospitalet - Auditorium in Building 93  
Henrik Hørpestrangs Vej  
2100 København
